

Tanvald, August 2017

Subject: Application of the REACH regulation No. 1907/2006

As regards the application of the REACH regulation (decision of the European Parliament No. 1907/2006) concerning the registration, evaluation, permission and limitations of chemical substances, we have the pleasure to inform you, that our company SILROC CZ, a.s. is not manufacturing chemical substances or any other chemical product.

We are buying all our raw materials from prestigious suppliers located inside the EU. Our suppliers have confirmed to us the conformity of all the raw materials provided to us with REACH.

With this document SILROC CZ, a.s. declares all raw materials used in our products do not contain any of the substances specified in the list of SVHC (currently containing 174 substances as of July 7th 2017) in amounts higher than 0,1%.

To our current knowledge, all our products are in compliance with the conditions of restrictions of REACH Annex XVII.

SILROC CZ, a.s.
